SUMMARY

Creative professional with 8+ years of experience in visual effects and compositing, now focused on building modern, responsive web applications. Interested in learning and growing within a dynamic development team as a Front-end / Full-stack Developer. Quick learner and adaptable to various software environments very easily.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, Python, SQL
Frameworks/Libraries: React, Node.js, Tailwind CSS, Express
Tools/Platforms: Pandas, Numpy, MongoDB, VS Code, Git, GitHub, Netlify, REST APIs, Figma, Trello, Photoshop
Spoken Languages: English(fluent), Georgian(native), German(conversational)

EXPERIENCE

FREELANCE WEB DEVELOPER   2024 – now
- Designed and built responsive web applications using React and Tailwind CSS
- Implemented core web technologies including CSS grids, JavaScript, and MongoDB
- Integrated third-party APIs and backend services via REST and Express
- Provided technical support for clients, including SEO optimization.

FREELANCE SENIOR COMPOSITING ARTIST   2023 – now
- Coordinated VFX processes across two large-scale feature films under tight deadlines; established efficient workflow strategies that reduced project overlap and minimized overall team workload during critical production phases.
- Crafted unique digital effects packages using custom Python scripts designed specifically for client needs; increased efficiency within team workflows by automating repetitive tasks typically requiring up to ten hours weekly.

COMPOSITING ARTIST @ BigHug FX   2017 – 2023
- Collaborated with a team of artists and VFX supervisors to create over 30 shows and films.
- Applied advanced color theory and lighting techniques to create realistic and visually appealing images.
- Led weekly reviews of completed shots by collaborating directly with directors for immediate feedback loops.

SOFTWARE DEVELOPER @ Step2e Innovations, Dortmund   2014
- Engineered scalable RESTful APIs with Java EE framework while integrating PostgreSQL databases on JBoss servers.

EDUCATION

CONTINUING EDUCATION   2023-2025
- The Frontend Developer Career Path - SCRIMBA
- Modern Javascript, Tailwind CSS, Modern HTML and CSS - Udemy
- Data Analyst in Python - DataQuest

AUBG (American University in Bulgaria)   2015
B.A. Computer Science and Information Technologies
- Water Simulation plugin in Maya with Python. Computer Graphics/Animation with OpenGL and c++
- Web Development - PHP, HTML, CSS, MySQL
